All the material contained in this site and related sites managed by the author/owner, and variously reproduced wholly or in part in other mediums including but not limited to ebook, videos, documents of any format is provided for educational and informational purposes only. By accessing these materials, you agree that no responsibility can be taken for any results or outcomes resulting from the use and application of any of the aforementioned material. While every attempt has been made to provide information that is both accurate and effective, the author does not assume any responsibility for the accuracy or use/misuse of this information provided in the aforementioned material. The use of the materials in any format or medium and the advice contained therein do not constitute a psychiatric diagnosis and we do not represent the same to be any form of psychiatric treatment. The author/owner and his staff acting as his agents and/or contractors are not able to provide a second opinion for your diagnosis because of the nature of the mode of communication here. As Panic Disorder is a psychiatric diagnosis, you are advised to seek professional advice regarding diagnosis and treatment. If you are consulting a psychiatrist, you are advised that you should not discontinued medical treatment without the supervision of a medical doctor. We do not recommend, endorse or approve of any specific psychiatrist, psychologist or any mental health professional that you may wish to consult in your own country. You should do this only after you have done your own due diligence and such consultation with any other third party is entirely your own choice and responsibility.
